

COURTYARD PROJECT

OBERLIN ENRICHMENT AND ACTIVITY CENTER

About:

The Oberlin Recreation Department's new building has a courtyard with the potential to be a fun outdoor space for older adults and other members of the community. They used the Healthy Places Grant to clean up the space and make it welcoming by:

- Installing furnishings
- Building raised gardening beds

The space will continue to serve the community; beyond providing a gathering space, it will also serve as the location for a summer camp to teach kids about gardening while they can also sit and relax.
